POC SUBMISSION GUIDELINES

Evaluation will be done based on the following criteria:

1. Functionality – How relevant is it to the particular scenario across different business verticals?
2. Accuracy - How accurate is the result in real business scenario?
3. Scalability & Performance - Could this App/Solutions scale as a real solution with multiple users?
4. Security aspects considered – Is the solution secure enough to deploy?
5. Customer Experience, Design, Look and Feel – Would a customer be happy to use it & also require less time to adopt?

The teams shortlisted for Hackathon Phase will need to provide working prototypes. The submission must have the following mandatory criteria.

1. Submissions will not be valid if any of the ones given below are missing while submitting the prototype.
2. Beta APK/SDK(Optional)
3. Unit Test Case Document
4. Source Code
5. Instructions to run your solution/application
6. Elevator Pitch (Video) (Upto 1 Minute)
7. Product Prototype Presentation (pdf/ppt)
8. Deployment Strategy along with Architecture and Infra details (Brief details)
